

# HEBA WALID AWAD

Recent Computer Engineering Graduate

Çankaya, Ankara/Turkey | anizihba2@gmail.com | [linkedin.com/in/heba-walid-awad-6934112b4](https://www.linkedin.com/in/heba-walid-awad-6934112b4) | +90 553 028 21 09

## PROFILE SUMMARY

Recent Computer Engineering graduate passionate about Artificial Intelligence, Machine Learning, and Database Systems. Experienced in Python, Java, and SQL, with practical exposure to data preprocessing, model development, and evaluation workflows. Familiar with relational database design and query optimization using SQL and PostgreSQL. Interested in intelligent, data-driven systems and eager to learn, grow, and contribute through real-world, hands-on projects.

## EDUCATION

- Ankara Medipol University** — B.Sc. Computer Engineering (2022–2026), Graduated July 2026
- Alfaezoun School** (2019–2022)

## EXPERIENCE

### Machine Learning Intern

Jul 2026 – Sep 2026

FlyRank | Remote

- Developed an Applied Search Intelligence project analyzing 30,000+ pages across 32 client sites using K-Means clustering to identify four page-performance archetypes.
- Evaluated clusters using silhouette scores and compared results against a rule-based baseline.
- Built a Python/Jupyter rule-based triage system to prioritize pages for refresh, investigation, or monitoring.

GitHub: [github.com/hebawl/starter](https://github.com/hebawl/starter)

### Technical Department Intern

Aug 2025 – Sep 2025

Almadar Aljadid Telecommunications Company, Libya

- Contributed to networking, cybersecurity, technical planning, and infrastructure teams in a telecom environment.
- Assisted in configuring and troubleshooting network devices, ensuring stable system performance.
- Participated in telecom network planning and infrastructure support activities.
- Gained practical exposure to cybersecurity practices in operational environments.

### IT Intern

Jul 2024 – Aug 2024

Turser Turizm Servis Yayıncılık ve Ticaret A.Ş. — Sheraton Ankara

- Assisted in managing the hotel's IT system, including laptops, landline phones, and PCs, ensuring smooth operation.
- Provided hotel staff with technical support, ensuring minimal disruption to hotel operations.
- Gained experience with IT tasks including hardware setup, network management, and troubleshooting.
- Learned about the software programs the hotel uses to manage its IT systems.

## PROJECTS

### Delivery Route Optimization System (BFS, A\*, Agent-Based Models) | Python | AI | Graph Search

GitHub: [github.com/hebawl/Delivery\\_robot](https://github.com/hebawl/Delivery_robot)

- Developed a graph-based routing system using BFS and A\* search with Manhattan distance heuristic; achieved a 38.7% reduction in explored nodes vs. BFS.
- Compared search strategies for node expansion, efficiency, and path optimality; implemented reflex and model-based agents.

### SMS Spam Classifier (NLP Project)

- Built an SMS spam detection model in Python/Scikit-learn with NLP preprocessing (cleaning, stopword removal, TF-IDF).
- Trained and evaluated multiple ML models (Logistic Regression, SVM, Naive Bayes, Random Forest); achieved up to 98% accuracy using SVM.

### House Price Prediction System | Python | Machine Learning

- Developed a house price prediction system achieving an R-squared value of 0.75 via feature engineering, data preprocessing, and rigorous evaluation.

## CERTIFICATES

**Cybersecurity:** Cyber Security 101 (SEC1) & Pre Security (SEC0) – TryHackMe

**Machine Learning & AI:** Machine Learning Onramp & Image Processing Onramp – MathWorks (MATLAB Academy)

**Programming (Python):** Python Toolbox & Introduction to Functions in Python – DataCamp

**Database & SQL:** Introduction to Relational Databases in SQL – DataCamp

## SKILLS

### Technical

- Java | SQL | Python
- ML: model training, evaluation, regression, data preprocessing
- Frontend Development | React Native
- Network troubleshooting & monitoring (routing, switching, VLANs)

### Soft Skills

- Time management
- Communication
- Analytical thinking
- Problem-solving
- Teamwork

## LANGUAGES

English (Fluent) | Arabic (Fluent) | Turkish (Basic)
